

Ruby - Bug #1160

tracer attempts to show lines from binary files

02/15/2009 04:31 AM - rogerdpack (Roger Pack)

<b>Status:</b>	Closed	<b>Backport:</b>
<b>Priority:</b>	Normal	
<b>Assignee:</b>	keiju (Keiju Ishitsuka)	
<b>Target version:</b>	1.9.2	
<b>ruby -v:</b>	ruby 1.9.0 (2008-11-15 revision 20237) [i386-mingw32]	
<b>Description</b>		
<pre>=begin This file: require 'tracer' Tracer.on def go</pre>		
<b>uncomment to show same error in 1.8.7</b>		
<pre>#require 'thread.so' require 'readline.so' eval("3==3") end go</pre>		
outputs some garbage to stdout on the require 'readline.so' line.		
Also some questions on tracer:		
if I run ruby 1.8.7		
ruby -rtracer some_prog		
it outputs trace by default		
however with 1.9		
ruby -rtracer some_prog		
does NOT output trace by default.		
Any ideas?		
Thanks!		
<pre>-=r =end</pre>
