

Ruby - Bug #3053

Psych should not be installed without libyaml.

03/30/2010 05:24 PM - sheepman (Takashi Tamura)

Status:	Closed	Backport:
Priority:	Normal	
Assignee:		
Target version:	1.9.2	
ruby -v:	ruby 1.9.2dev (2010-03-30 trunk 27101) [x86_64-darwin10.3.0]	
Description =begin At trunk, psych is installed even if the system does not have libyaml. If psych continues to require libyaml, I think lib/psych should move to ext/psych/lib/psych, like ext/openssl/lib/openssl and ext/digest/lib/digest. Regards. =end
