

Ruby - Bug #4762

Adding documentation for mathn

05/22/2011 10:47 AM - anilv (Anil V)

Status:	Closed	
Priority:	Normal	
Assignee:	drbrain (Eric Hodel)	
Target version:		
ruby -v:	1.9.2-p180	
		Backport:
Description		
I added documentation for using mathn. Added examples for using Prime, Vector & Matrix. Maintained the Rdoc format.		
Patch included.

History

#1 - 05/23/2011 08:57 AM - drbrain (Eric Hodel)

Is part of this patch missing? I can't find the context for this patch, for example, I can't find "will return Matrix" or "will retrun Matrix" in svn trunk.

#2 - 05/26/2011 02:25 AM - anilv (Anil V)

- File 0002-Fixed-typos-on-mathn-documentation.patch added

You're right. I did not include the original patch. Sorry about that.

I am adding both the patches now. The second one is just correcting spelling errors on my part.

Just ignore the first file from 5/21 :: 0001-Fixed-typos-on-mathn-documentation.patch

Thanks!

This issue was solved with changeset r31881.

Anil, thank you for reporting this issue.

Your contribution to Ruby is greatly appreciated.

May Ruby be with you.

#5 - 06/01/2011 09:28 AM - drbrain (Eric Hodel)

Since there were other commits to mathn.rb before I received your patch I applied a modified version.

I added a note to prime.rb mentioning that it is Enumerable. Since Prime already has good documentation I don't think there's a good place to add the rest of your examples.

For Matrix and Vector they don't have much toplevel documentation, so I think that would be a good next place for you to submit a patch.

#6 - 06/02/2011 05:06 AM - anilv (Anil V)

Awesome! Thanks Eric.
