Ruby - Bug #6026

GC test parameters failures under MinGW

02/15/2012 12:47 AM - luislavena (Luis Lavena)

Status:	Closed		
Priority:	Normal		
Assignee:	usa (Usaku NAKAMURA)		
Target version:	1.9.3		
ruby -v:	ruby 1.9.3p105 (2012-02-13 revision 34579) [i386-mingw32]	**Backport:**	

Description

Hello,

While preparing for 1.9.3-p105 release, the following test raised a failure:

```
 41) Failure:
test_gc_parameter(TestGc) [C:/Users/Luis/Projects/oss/ruby/test/ruby/test_gc.rb:98]:
[ruby-core:39795].
Expected /heap_min_slots=100000/ to match "".
```

Referenced in [ruby-core:39795], seems is not failing on Windows as expected.

Perhaps this test can be skipped?

Thank you
