

Ruby - Bug #6490

The 'printf' method in trace_func is not sent to 'stdout' variable in tracer.rb

05/25/2012 07:17 AM - mfojtik (Michal Fojtik)

Status:Closed Priority:Normal Assignee:zzak (zzak _) Target version:1.9.3 ruby -v:ruby 1.9.3p194 (2012-04-20 revision 35410) [x86_64-darwin11.4.0]	Backport:
Description Hi, lib/tracer.rb:189 def trace_func(event, file, line, id, binding, klass, *) # :nodoc: return if file == FILE for p in @filters return unless p.call event, file, line, id, binding, klass end return unless Tracer::display_c_call? or event != "c-call" && event != "c-return" Tracer::stdout_mutex.synchronize do if EVENT_SYMBOL[event] stdout.printf("<%d>", \$\$) if Tracer::display_process_id? stdout.printf("#%d:", get_thread_no) if Tracer::display_thread_id? if line == 0 source = "?\n" else source = get_line(file, line) end printf("%s:%d:%s:%s: %s", file, line, klass '', EVENT_SYMBOL[event], source) end end end As you see, the last 'printf' method is not sent to 'stdout' which unfortunately leads to have the output of Tracer print always to STDOUT.

Attaching patch.

#2 - 05/27/2012 01:00 AM - mame (Yusuke Endoh)

- Status changed from Open to Assigned
- Assignee set to keiju (Keiju Ishitsuka)

#3 - 11/19/2012 08:51 AM - zzak (zzak _)

- Assignee changed from keiju (Keiju Ishitsuka) to mame (Yusuke Endoh)

mame, could you look at this?

Keiju-san last connection was over 1 year ago.

#4 - 11/20/2012 03:18 AM - mame (Yusuke Endoh)

- Assignee changed from mame (Yusuke Endoh) to zzak (zzak _)

Looks good to me. Zachary, could you please apply it to trunk?

I guess that Keiju-san does not read English mail (bad!), so I ask him to check your commit in Japanese.

Tracer
Tracer stdout.printf printf

This issue was solved with changeset r37741.
Michal, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.
