

Ruby - Bug #6514

Abort trap: 6 running rspec on rdf.rb

05/30/2012 09:57 AM - gkellogg (Gregg Kellogg)

Status:	Rejected	Backport:
Priority:	Normal	
Assignee:	sorah (Sorah Fukumori)	
Target version:	2.6	
ruby -v:	ruby 1.9.3p194 (2012-04-20 revision 35410) [x86_64-darwin11.3.0]	
Description		
Running RSpec on http://github.com/ruby-rdf/rdf/spec reliably generates the Abort trap.		
To repeat:		
1. git clone git://github.com/ruby-rdf/rdf.git 2. cd rdf 3. bundle install 4. rspec spec		
It does not seem to happen when running a subset of the spec files.		

History

#1 - 05/31/2012 11:38 PM - mame (Yusuke Endoh)

- Status changed from Open to Feedback
- Assignee set to sorah (Sorah Fukumori)

I cannot reproduce.

```
$ git clone git://github.com/ruby-rdf/rdf.git
Cloning into 'rdf'...
remote: Counting objects: 6187, done.
remote: Compressing objects: 100% (1828/1828), done.
remote: Total 6187 (delta 4496), reused 5949 (delta 4280)
Receiving objects: 100% (6187/6187), 1.01 MiB | 258 KiB/s, done.
Resolving deltas: 100% (4496/4496), done.
```

```
$ cd rdf
```

```
$ bundle install
The path /tmp/rdf-spec does not exist.
```

```
$ rspec spec
The path /tmp/rdf-spec does not exist.
```

#2 - 06/01/2012 12:06 AM - nagachika (Tomoyuki Chikanaga)

Hi,

It seems that step 1.5

```
$ git clone git://github.com/ruby-rdf/rdf.git
is required.
```

But I also cannot reproduce abort trap with ruby 1.9.3p194 (2012-04-20 revision 35410) [x86_64-darwin11.3.0].

Mr Gregg, could you tell us the messages on your terminal too?

#3 - 02/26/2013 10:19 AM - naruse (Yui NARUSE)

- Target version changed from 1.9.3 to 2.6

#4 - 10/01/2013 05:00 PM - sorah (Sorah Fukumori)

- Status changed from *Feedback* to *Rejected*

Closing this due to no feedbacks.
