| <b>Description</b>  |        |  |
| <p>Currently file permission bit features in all Ruby versions include only chmod and (if supported by the target platform's C library) lchmod. lchmod is not supported by all platforms, but where it is not the Posix function fchmodat usually supplies similar functionality. Suggest that this be included.</p> <p>See <a href="http://pubs.opengroup.org/onlinepubs/9699919799/functions/chmod.html">http://pubs.opengroup.org/onlinepubs/9699919799/functions/chmod.html</a></p> |        |  |

#### History

---

**#1 - 11/20/2012 11:29 PM - mame (Yusuke Endoh)**

- Target version set to 2.6

**#2 - 12/25/2017 06:15 PM - naruse (Yui NARUSE)**

- Target version deleted (2.6)
