

Ruby - Bug #7847

gem release of io-console is broken on Windows

02/14/2013 03:06 AM - luislavena (Luis Lavena)

Status:	Closed	Backport:
Priority:	Normal	
Assignee:	nobu (Nobuyoshi Nakada)	
Target version:	2.6	
ruby -v:	1.9.x and 2.0.x	
Description		
Nobu-san,		
Lot of folks are having issues with latest io-console gem that got released:		
https://github.com/nobu/io-console/issues/6		
https://groups.google.com/d/topic/rubyinstaller/9qbj5HKN7w4/discussion		
The code in the GitHub repository is 3 years old, so I can't provide a pull request that patches the behavior.		
I'm not sure where the code that is part of the gem is coming from, since io-console compiles without issues as part of Ruby extensions.		
I'm opening this here due the lack of feedback on GitHub issues and the raise of more reports about this issue.		
Thank you.

This issue was solved with changeset r39268.
Luis, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.

io/console: compatibility with 1.9

Thank you Nobu.

Can you release io-console 0.4.2 to rubygems.org?

That will fix the situation for users running 1.9.3.

Thank you.

#3 - 02/26/2013 10:19 AM - naruse (Yui NARUSE)

- *Target version changed from 1.9.3 to 2.6*
