

Ruby - Bug #14057

TracePoint#enable and disable should not yield arguments

10/26/2017 06:54 AM - marcandre (Marc-Andre Lafortune)

Status:	Closed	
Priority:	Normal	
Assignee:	marcandre (Marc-Andre Lafortune)	
Target version:	2.5	
ruby -v:	trunk	
		Backport: 2.3: DONE, 2.4: DONE
Description		
While working on RubySpecs with Atul Bhosale, we discovered that TracePoint#enable and #disable yield nil instead of not yielding any argument.		
This is mostly harmless as we usually use blocks, but it could create issues for lambdas/methods, for example:		
<pre>def handle_trace; end TracePoint.new{}.enable(&method(:handle_trace)) # => ArgumentError: wrong number of arguments (given 1, expected 0)</pre>		
I'm fixing in trunk, would be nice to backport.
