

Ruby - Bug #14576

rdoc of Random::Formatter

03/05/2018 12:21 PM - znz (Kazuhiro NISHIYAMA)

Status:	Third Party's Issue	Backport: 2.3: UNKNOWN, 2.4: UNKNOWN, 2.5: UNKNOWN
Priority:	Normal	
Assignee:	hsbt (Hiroshi SHIBATA)	
Target version:		
ruby -v:		
Description https://docs.ruby-lang.org/en/trunk/Random/Formatter.html has following methods: #alphanumeric #base64 #choose #gen_random #hex #rand #random_bytes #random_number #urlsafe_base64 #uuid But Random::Formatter.instance_methods are only two methods. >> Random::Formatter.instance_methods => [:random_number, :rand]

securerandom.rb: [DOC] require in examples

- lib/securerandom.rb: added require 'securerandom' to each example, to state these methods are defined in this library and require it explicitly. [ruby-core:85933] [Bug #14576]
