Ruby - Bug #16493

TestThreadQueue#test_thr_kill is flaky on AArch64

01/09/2020 09:39 AM - vo.x (Vit Ondruch)

Status:	Closed		
Priority:	Normal		
Assignee:			
Target version:			
ruby -v:	ruby 2.7.0p0 (2019-12-25 revision 647ee6f091) [aarch64-linux]	**Backport:**	2.5: UNKNOWN, 2.6: UNKNOWN, 2.7: UNKNOWN

Description

I can see quite often TestThreadQueue#test_thr_kill failing on AArch64:

```
  1) Failure:
TestThreadQueue#test_thr_kill [/builddir/build/BUILD/ruby-2.7.0/test/ruby/test_thread_queue.rb:153
]:
only 48/250 done in 60 seconds.
```

This was already issue before: #7521, #8065. Is there some better way to test this without taking long and causing timeouts repeatedly?
