

Ruby - Bug #1684

ruby/rubyw.rc still say 1.9.1

06/24/2009 02:29 PM - rogerdpack (Roger Pack)

Status:	Closed	
Priority:	Normal	
Assignee:	usa (Usaku NAKAMURA)	
Target version:		
ruby -v:	trunk	
Backport:		
Description		
=begin though ruby -v says "1.9.2dev" ruby.rc still says 1.9.1 Could use updating sometime. Thanks. =end		

History

as a note, appears the makefile still refers to it as 1.9.1, too

./win32 msvcrt-ruby191.rc msvcrt-ruby191.res.o
Thanks.

as a note, appears the makefile still refers to it as 1.9.1, too

./win32 msvcrt-ruby191.rc msvcrt-ruby191.res.o

The version number exposed there is not the version of Ruby itself but the Ruby API version.

As note, 1.8.6 is API compatible with 1.8.5, so the ruby_version of RbConfig::CONFIG is 1.8

1.9.2 is API compatible with 1.9.1, so ruby_version is '1.9.1'

This was the answer I got when asked about lib/ruby/#{ruby_version}
being 1.9.1 instead of MAJOR.MINOR
