Ruby - Bug #18935

Binary search reference not found

07/22/2022 04:56 PM - mperham (Mike Perham)

Status:	Feedback		
Priority:	Normal		
Assignee:			
Target version:			
ruby -v:		**Backport:**	2.7: UNKNOWN, 3.0: UNKNOWN, 3.1: UNKNOWN

Description

This method says "See binary searching" but I can't find anything relevant on the page. I would like to see an example or two of how to use bsearch.

https://ruby-doc.org/core-3.1.2/Array.html#method-i-bsearch

- Status changed from Open to Feedback

ruby-doc.org is not official documentation. Please use docs.ruby-lang.org instead. It works fine there:
https://docs.ruby-lang.org/en/3.1/Array.html#method-i-bsearch
