

Ruby - Bug #19290

Documentation: "produces:" (introducing terminal output) is wrongly formatted in few places

12/31/2022 12:00 PM - laurent_martin (Laurent Martin)

Status:	Closed	
Priority:	Normal	
Assignee:		
Target version:		
ruby -v:	3.3.0dev	Backport: 2.7: UNKNOWN, 3.0: UNKNOWN, 3.1: UNKNOWN, 3.2: UNKNOWN
Description warning.rb Problem: The text "produces:" is embedded in formatted text, it should be normal emphasized text. view here: https://ruby-doc.org/3.2.0/Kernel.html , 2 times after: "If warnings have been disabled" source: https://github.com/ruby/ruby/blob/master/warning.rb#L18 https://github.com/ruby/ruby/blob/master/warning.rb#L38 Fix: in both cases, remove one space character just before produces: <pre># produces:</pre> shall be: <pre># produces:</pre> signal.c Problem: the text "produces:" is not emphasized like others. view here: https://ruby-doc.org/3.2.0/Kernel.html after: "special signal name" view here: https://ruby-doc.org/3.2.0/Signal.html source: https://github.com/ruby/ruby/blob/master/signal.c#L1386 https://github.com/ruby/ruby/blob/master/signal.c#L1538 Fix: surround with and , and add a line after the line: (2 places) <pre>* produces:</pre> shall be: <pre>* produces: *</pre>

History

#1 - 12/31/2022 12:03 PM - laurent_martin (Laurent Martin)

gc.c

problem: formating not consistent with other source files:

source: <https://github.com/ruby/ruby/blob/master/gc.c#L14423>

Fix:

```
* _produces:_
```

replaced with:

```
* <em>produces:</em>
```

#2 - 01/01/2023 05:51 AM - nobu (Nobuyoshi Nakada)

- *Status changed from Open to Closed*
