

Ruby - Feature #5551

Enumerable#rdrop

11/03/2011 03:18 AM - sawa (Tsuyoshi Sawada)

Status:	Rejected	
Priority:	Normal	
Assignee:		
Target version:		
Description		
There is Enumerable#drop(n), which drops elements on the left side, but there is no counterpart for dropping the right side. It will be convenient if there is Enumerable#rdrop(n) that drops the elements on the right side.		
<pre>[1, 2, 3, 4, 5].rdrop(2) # => [1, 2, 3]</pre>

```
[1, 2, 3, 4, 5].rdrop(2) # => [1, 2, 3]
```
