

Ruby - Bug #7147

IMAP: emails with message/rfc822 attachments fail to parse

10/12/2012 11:31 AM - tonyarkles (Tony Arkles)

Status:	Closed	
Priority:	Normal	
Assignee:	shugo (Shugo Maeda)	
Target version:		
ruby -v:	ruby 1.9.3p194	Backport:
Description Doing <code>im.fetch("1:*", "FULL")</code> on my inbox resulted in a few email messages with attached <code>emessage/rfc822</code> emails (these were forwarded by someone else). These messages failed to parse. I've fixed this in https://github.com/ruby/ruby/pull/193 and https://github.com/ruby/ruby/pull/194 .
