

Sunday 07 June

17:00	Arrival and registration	Business Lounge
18:00	Welcome reception	Business Lounge
19:00	Dinner (residents only)	Conference Space 1

Monday 08 June

08:00	Registration	Conference Space 2
08:45	Course introduction <i>Simon Ward (Draig Therapeutics)</i>	Conference Space 2
09:00	Lecture: Drug metabolism and the fate of drugs <i>Britta Bonn (Ribocure Pharmaceuticals)</i>	Conference Space 2
10:30	COFFEE	Carney and Scotts
11:00	Lecture: An introduction to pharmacokinetics <i>Ruth Lock (Aucuba Sciences)</i>	Conference Space 2
12:30	LUNCH	Conference Space 3
13:30	Lecture: Controlling physicochemical properties for small molecule drug design <i>Nicola Colclough (AstraZeneca)</i>	Conference Space 2
14:30	TEA	Carney and Scotts
15:00	Tutorial: DMPK1 – <i>Ruth Lock (Aucuba Sciences) / Britta Bonn (Ribocure Pharmaceuticals)</i> SAR1 – <i>Simon Ward (Draig Therapeutics) / Emma Rivers (AstraZeneca)</i> PPDD1 – <i>Andy Davis (AstraZeneca) / Nicola Colclough (AstraZeneca)</i>	The study Conference space 1 Meeting space 8
17:00	Careers advice for drug discovery researchers – <i>Robert Bowles (Royal Society of Chemistry)</i>	Conference Space 2
17:30	Poster session Wine reception and buffet dinner (all delegates)	Conference Space 2
19:00	Close	

Tuesday 09 June

09:00	Tutorial: DMPK2 – <i>Ruth Lock (Aucuba Sciences) / Britta Bonn (Ribocure Pharmaceuticals)</i> SAR2 – <i>Simon Ward (Draig Therapeutics) / Emma Rivers (AstraZeneca)</i> PPDD2 – <i>Andy Davis (AstraZeneca) / Nicola Colclough (AstraZeneca)</i>	The study Conference space 1 Meeting space 8
11:00	COFFEE	Carney and Scotts
11:30	Lecture: Biological targets and their impact on medicinal chemistry <i>Simon Ward (Draig Therapeutics)</i>	Conference Space 2
12:30	LUNCH	Conference Space 3
13:30	Tutorial: DMPK3 – <i>Ruth Lock (Aucuba Sciences) / Britta Bonn (Ribocure Pharmaceuticals)</i> SAR3 – <i>Simon Ward (Draig Therapeutics) / Emma Rivers (AstraZeneca)</i> PPDD3 – <i>Andy Davis (AstraZeneca) / Nicola Coclough (AstraZeneca)</i>	The study Conference space 1 Meeting space 8
15:30	TEA	Carney and Scotts
16:00	Case study: Antimalarial medicinal chemistry: delivery of DSM265 <i>Jeremy Burrows (Medicines for Malaria Venture)</i>	Conference Space 2
17:00	Close	
18:30	DINNER (residents only)	Conference Space 2
19:30 – 20:45	Evening lecture: Chemist to CEO <i>Simon Hirst (Sygnature Discovery)</i>	Conference Space 2

Wednesday 10 June

09:00	Lecture: Toxicology <i>Mike Kelly (Anjin Preclinical Ltd)</i>	Conference Space 2
10:00	COFFEE	Carney and Scotts
10:15	Lecture: The fundamentals of molecular recognition <i>Darren Green (DesignPlus Cheminformatics)</i>	Conference Space 2
11:15	COFFEE	Carney and Scotts
11:30	Tutorial: Tox1 – <i>Mike Kelly (Anjin Preclinical Ltd)</i> TV 1 – <i>Janet Brownlees (GSK)</i> CC 1 – <i>Darren Green (DesignPlus Cheminformatics)</i>	Conference Space 1 The Study Meeting space 8
13:30	LUNCH	Conference Space 3
14:30	Tutorial: Tox 2– <i>Mike Kelly (Anjin Preclinical Ltd)</i> TV 2 – <i>Janet Brownlees (GSK)</i> CC 2 – <i>Darren Green (DesignPlus Cheminformatics)</i>	Conference Space 1 The Study Meeting space 8
16:30	TEA	Carney and Scotts
17:00	Lecture: From molecule to crystal to functional form <i>Cheryl Doherty (GSK)</i>	Conference Space 2
18:00	Close	
19:30	DINNER (residents only)	Conference Space 2

Thursday 11 June

09:00	Lecture: Drug discover integrating AI <i>Sarah Skerratt (Isomorphic Labs)</i>	Conference Space 2
10:00	COFFEE	Carney and Scotts
10.15	Lecture: Patents in medicinal chemistry <i>Andy Cook (AstraZeneca)</i>	Conference Space 2
11:15	COFFEE	Carney and Scotts
11:30	Tutorial: Tox 3 – <i>Mike Kelly (Anjin Preclinical Ltd)</i> TV 3 – <i>Janet Brownlees (GSK)</i> CC 3 – <i>Darren Green (DesignPlus Cheminformatics)</i>	Conference Space 1 The Study Meeting space 8
13:30	LUNCH	Conference Space 3
14:30	Case study: in-licensing <i>Matthew James Thomas (Boehringer Ingelheim)</i>	Conference Space 2
17:45	Close	
18:30	BUS DEPARTURE TO CONFERENCE DINNER (all delegates)	
19:30	CONFERENCE DINNER (all delegates)	

Friday 12 June

08:30	Preparation time for in-licensing case study	Conference Space 2
09:30	Presentations of the in-licensing case study <i>Matthew James Thomas (Boehringer Ingelheim)</i>	Conference Space 2
10:45	Summary of the in-licensing case study <i>Matthew James Thomas (Boehringer Ingelheim)</i>	Conference Space 2
11:15	COFFEE	Carney and Scotts
11:30	Case study: Trials, tribulations and tactics: the optimization of bifunctional degraders (PROTACs) for chronic diseases <i>Zoë Henley (GSK)</i>	Conference Space 2
12:30	Course summary <i>Simon Ward (Draig Therapeutics)</i>	Conference Space 2
13:00	LUNCH	Conference Space 3
14:00	Close	

Please note timings and titles are subject to change.
